# Gokulram Jeyaraman

Software Engineer

gokulramj20@gmail.com 09489703603 Gokulram-Jeyaraman github.com/Gokulram-86

## EXECUTIVE SUMMARY

M.Tech Software Engineering graduate with hands-on experience in Java, Python, SQL, software development, debugging, and application testing. Familiar with Software Development Life Cycle (SDLC), Software Testing Life Cycle (STLC), unit testing, database validation, and Git version control. Experienced in building full-stack applications while ensuring software quality through structured testing and documentation.

## SKILLS

**Programming Languages** — Java, SQL, Python, JavaScript, TypeScript

**Frontend** — React.js, React Native, HTML5, Tailwind CSS, Figma, JQuery

**Backend & Database** — Node.js, Express.js, PostgreSQL, MongoDB, Firebase

**Tools** — Git, GitHub, VS Code, Clerk, Expo

**Core Concepts** — SDLC, STLC, REST APIs, Object Oriented Programming, Agile

**Machine Learning and AI** — ML Fundamentals, Deep Learning (CNN), GenAI, Large Language Models (LLMs), Explainable AI (XAI).

## PROJECTS

**Deepfake Image Detection System**

- Designed and implemented an end-to-end computer vision pipeline using Python, TensorFlow, and Keras to detect manipulated media with high accuracy of 93.6%.
- Integrated Explainable AI (XAI) methodologies utilizing Grad-CAM to provide visual interpretability, ensuring model transparency and behavioral verification.
- Structured modular data preprocessing and evaluation workflows, mimicking production-grade testing practices to validate model reliability against diverse datasets.

**AI-powered Mock Interview Platform**

- Engineered a full-stack, responsive web application using React, Node.js, and Express, utilizing Firebase for real-time data persistence and authentication.Integrated Groq AI and advanced LLM prompting to dynamically generate tailored technical questions, decreasing interview generation latency. Implemented browser-native voice capture via the Web Speech API and designed an asynchronous backend parser to evaluate user responses, delivering comprehensive performance reports.

## EDUCATION

**M.Tech Integrated Software Engineering - 8.12 CGPA** 2021 – 2026
*Vellore Institute of Technology* Vellore, Tamil Nadu

**Class XII - 91.2%** 2020 – 2021
*Nag Vidhyashram Sr. Sec. School* Ranipet, Tamil Nadu

**Class X - 84.8%** 2018 – 2019
*Nag Vidhyashram Sr, Sec, School* Ranipet, Tamil Nadu

## CERTIFICATES

**Full Stack Development** — Udemy

**Microsoft Azure AI-900** — Microsoft

## LANGUAGES

Tamil, English
